Society of Hispanic Professional Engineers

Who are we?
Community dedicated to empowering Hispanics in STEM to impact the world.

Community Outreach
Partake in events similar to GIST/BATS which encourages kids to be more involved with STEM through fun workshops and exposure to the amazing world of science.

Professional Development
Resume workshops and panel discussion with people in industry are just some of the many opportunities that SHPE offers to you.

Fostering Community
Helping to connect the Hispanic community within the greater STEM community through academic support and mentorship programs.
