Our Mission:

To create an environment where students interested in anything aerospace can gain exposure to the field while having fun.

- Aerospace Education
- Pilot’s License Progression
- All things Aviation

STEM Aerospace Education:

TU Aviation serves to assist current or aspiring Engineering and STEM students interested in a career in the Aerospace Development field.

- Research and Development Projects
- National Design Competitions
- Guest Speakers
- Professional Networking

General Aviation

Many students at Tulane are current or aspiring private pilots. TU aviation serves to connect students with local resources and individuals in the field.

- Network of pilots in TU Aviation
- Potential partnership with local flight school
- Military aviation focus for ROTC students

Open to all interested!
